

ALEC EXPOSED

"ALEC" has long been a secretive collaboration between Big Business and "conservative" politicians. Behind closed doors, they ghostwrite "model" bills to be introduced in state capitols across the country. This agenda—underwritten by global corporations—includes major tax loopholes for big industries and the super rich, proposals to offshore U.S. jobs and gut minimum wage, and efforts to weaken public health, safety, and environmental protections. Although many of these bills have become law, until now, their origin has been largely unknown. With **ALEC EXPOSED**, the Center for Media and Democracy hopes more Americans will study the bills to understand the depth and breadth of how big corporations are changing the legal rules and undermining democracy across the nation.

ALEC's Corporate Board —in recent past or present

- AT&T Services, Inc.
- centerpoint360
- UPS
- Bayer Corporation
- GlaxoSmithKline
- Energy Future Holdings
- Johnson & Johnson
- Coca-Cola Company
- PhRMA
- Kraft Foods, Inc.
- Coca-Cola Co.
- Pfizer Inc.
- Reed Elsevier, Inc.
- DIAGEO
- Peabody Energy
- Intuit, Inc.
- Koch Industries, Inc.
- ExxonMobil
- Verizon
- Reynolds American Inc.
- Wal-Mart Stores, Inc.
- Salt River Project
- Altria Client Services, Inc.
- American Bail Coalition
- State Farm Insurance

Taxation Disclosure Act

Did you know that the Evergreen Freedom Foundation—which is connected to the Kochs—was the corporate co-chair in 2011?

Intent Section

The intent of the legislature is to make citizen access to state and local tax rates as open transparent, and publicly accessible as is feasible. Increasing the ease of public access to state and local tax rates, particularly where the rates are currently available from disparate internal government sources but are difficult for the public to collect and efficiently aggregate, significantly contributes to governmental accountability, public participation, and the understanding of the cost of government services. Therefore, the legislature directs the state budget office to create and maintain a searchable database of each tax rate for all taxing districts in the state.

Short Title

This Act shall be known and may be cited as the "Taxation Disclosure Act."

Searchable Tax Rate Database

By January 1, 2010, the state budget office shall make publicly available an online searchable database of all tax rates in the state for each taxing district. The information shall be aggregated by type of tax and accessible by entering a zip code and/or physical address for each residency or business. Individual tax levies shall be further broken down within each tax rate.

Geographical Tax Rate Map

Along with searching for tax rates by zip code and/or physical address for each residency or business, searches should be accommodated by clicking through a map of the state as a whole and down to the level of each taxing district.

Individual Tax Rate Calculator

Tax rate calculators shall be provided on the searchable database to allow citizens and businesses to calculate their potential taxes. Calculators shall be provided at a minimum for property, sales/use, income, vehicle, and business taxes and shall be specific to the rate for the taxing districts in which the citizen resides.

Updating Database

To facilitate the state budget office's efforts in creating and maintaining a searchable database of each tax rate for all taxing districts in the state, every taxing district shall report its tax rates annually to the state budget office and shall report any changes to its tax rates within 30 days of enactment of rate changes.

Approved Unanimously

About Us and ALEC EXPOSED. The Center for Media and Democracy reports on corporate spin and government propaganda. We are located in Madison, Wisconsin, and publish www.PRWatch.org, www.SourceWatch.org, and now www.ALECExposed.org. For more information contact: editor@prwatch.org or 608-260-9713.
