

ALEC EXPOSED

"ALEC" has long been a secretive collaboration between Big Business and "conservative" politicians. Behind closed doors, they ghostwrite "model" bills to be introduced in state capitols across the country. This agenda—underwritten by global corporations—includes major tax loopholes for big industries and the super rich, proposals to offshore U.S. jobs and gut minimum wage, and efforts to weaken public health, safety, and environmental protections. Although many of these bills have become law, until now, their origin has been largely unknown. With **ALEC EXPOSED**, the Center for Media and Democracy hopes more Americans will study the bills to understand the depth and breadth of how big corporations are changing the legal rules and undermining democracy across the nation.

ALEC's Corporate Board —in recent past or present

- AT&T Services, Inc.
 - centerpoint360
 - UPS
 - Bayer Corporation
 - GlaxoSmithKline
 - Energy Future Holdings
 - Johnson & Johnson
 - Coca-Cola Company
 - PhRMA
 - Kraft Foods, Inc.
 - Coca-Cola Co.
 - Pfizer Inc.
 - Reed Elsevier, Inc.
 - DIAGEO
 - Peabody Energy
 - Intuit, Inc.
 - Koch Industries, Inc.
 - ExxonMobil
 - Verizon
 - Reynolds American Inc.
 - Wal-Mart Stores, Inc.
 - Salt River Project
 - Altria Client Services, Inc.
 - American Bail Coalition
 - State Farm Insurance

DID YOU KNOW? Corporations VOTED to adopt this. Through ALEC, global companies work as "equals" in "unison" with politicians to write laws to govern your life. Big Business has "a VOICE and a VOTE," according to newly exposed documents. **DO YOU?**

Did you know the trade group for the gas industry was a corporate co-chair in 2011?

RESOLUTION IN OPPOSITION TO EPA'S PLAN TO REGULATE GREENHOUSE GASES UNDER THE CLEAN AIR ACT

WHEREAS, EPA has released an Advance Notice of Proposed Rulemaking which describes a nationwide scheme to regulate greenhouse gases under the Clean Air Act; and

WHEREAS, ALEC has previously stated its opposition to EPA regulating greenhouse gases^[1]; and

WHEREAS, ALEC has also previously stated that if EPA were to pursue such a course, at the very least, it would require additional action from Congress clarifying and specifying EPA's legal and regulatory obligations with respect to greenhouse gases^[2]; and

WHEREAS, EPA's plan to regulate greenhouse gases is very expansive in scope, envisioning a nationwide cap and trade program for greenhouse gases, additional motor vehicle regulations and economy-wide restrictions impacting a wide range of industries including dairy and beef operations, office buildings, hospitals, schools, large homes, houses of worship, and even regulating the greenhouse gas emissions from lawnmowers, among other things; and

WHEREAS, the U.S. Court of Appeals for the District of Columbia Circuit has recently ruled that the EPA does not have authority to carry out a cap and trade plan under the Clean Air Act^[3]; and

WHEREAS, EPA's plan represents policymaking which is the prerogative of the legislative branch; and

WHEREAS, even committed proponents of ambitious greenhouse gas regulation have expressed doubts about the ANPR's approach^[4]; and

WHEREAS, climate change is a global issue, not a local or regional pollution issue as the Clean Air Act was designed to address; and

WHEREAS, EPA's plan would impose a massive economic burden on America without appreciably reducing worldwide concentrations of greenhouse gases; and

THEREFORE BE IT RESOLVED, that EPA should not make an endangerment finding for greenhouse gases and should not pursue regulation of greenhouse gases.

Adopted by the Natural Resources Task Force on July 31, 2008.

Approved by the ALEC Board of Directors on September 11, 2008.

Center for Media and Democracy's quick summary

In 2011, ALEC brags that 30 states have introduced-- and 15 states have adopted-- legislation based on its similar but updated "Resolution Opposing EPA's Regulatory Train Wreck."
